Toora loora loora la, toora loora loora la  
Toora loora loora la give the child a jar of porter

Toora loora loora la, toora loora loora la  
Toora loora loora la give the child a jar of porter

If you want your child to grow, your child to grow  
If you want your child to grow, give him a jar of  
Porter

Toora loora loora la, toora loora loora la  
Toora loora loora la give the child a jar of porter

When I was young and cradle cake  
No drop of milk now would I take  
Me father up and had his spake  
"Give the child a jar of porter"

Toora loora loora la, toora loora loora la  
Toora loora loora la give the child a jar of porter

And when I'm dead and in my grave  
I hope for me a prayer you'll say  
And as you're passing by that you'll  
Throw in a jar of porter

Toora loora loora la, toora loora loora la  
Toora loora loora la give the child a jar of porter

And when I reach the golden gates  
I hope I'll not have long to wait  
I'll call Saint Peter aside and say  
"Brought you a jar of porter"

Toora loora loora la, toora loora loora la  
Toora loora loora la give the child a jar of porter
