I don't have enough, I need too much of you.  
I've been so lazy, I've been lying on the  
grass...  
looking at the stars, how could I reach to you?  
I feel like going... feel like going there with you...  
I wish I could 'cause we're swimming on the  
same sea,  
shining on the same stars, like dolphins on the sea!  
I think that you are the best thing... I promise  
You're the only one, You're the best I ever  
had.  
I cannot hide that I'm in love with you,  
and I don't want you to go!  
Yes I'm sorry!  
I wanna ask you sorry!  
Put the gun in my hand and I'll free you again.  
I'm moving out with my worries!  
Yes I'm sorry!  
I wanna ask you sorry!  
Put the gun in my hand and I'll free you again.  
I'm moving out with my worries!
