IãfÂ, 've come across a million miles,
ten different worlds and heavens to be here
IãfÂ, 've sailed across a thousand seas
and climbed the sky to get near.
And now IãfÂ, 've got you face to face and I canãfÂ, 't...
canãfÂ, 't touch your skin!
IãfÂ, 've been riding day and night,
night and day to look at you
IãfÂ, 've met magic and met death
trying to get to you.
And now IãfÂ, 've got you face to face and I canãfÂ, 't...
canãfÂ, 't make it real!
And now IãfÂ, 've got you face to face and I canãfÂ, 't...
rock and roll fear!!
rock and roll fear!!
rock and roll fear!!
My face grew long when all those guys
told me where you belong.
Since that day IãfÂ, 've been just a tramp
roaming with mind on you.
And now IãfÂ, 've got you face to face and I canãfÂ, 't...
canãfÂ, 't make it real!
And now IãfÂ, 've got you face to face and I canãfÂ, 't...
rock and roll fear!!
rock and roll fear!!
rock and roll fear!!
