She said she knows all about my kind  
Quick into bed with another find  
Forget what I said, what I meant to say  
I'll do it again if I'd known it  
Then I wouldn't have come.

It's love in the night and it's hate in the day  
You do what you want then you ask to stay  
I wouldn't forget it if I had known  
I couldn't forget it if I had known

You didn't know me and you didn't care  
You couldn't show me but you wouldn't dare  
And I don't know what I'm meant to say  
When all I really wanted, all I wanted was to talk.

I said I thought I could never get

The things that I needed, I need to get  
You take it away then you give it back  
You give it away then you ask me  
Would I like to have it back?

It's stranger than strange and it's worse than worse  
When every hour is a different curse  
I don't think you can and I don't think you do  
I'm standing alone and it's only you

But you didn't know me and you didn't care  
You couldn't show me that you wouldn't dare  
And I don't know what I'm meant to say  
When all I really wanted,  
All I wanted was to talk.
