She hit me on my locker, I was off that truck

Smokin on a beadie, chasin it with a fat Strike in my  
fresh off the showroom flexin 32-valve Northstar

Gettin it cricket, slangin em sideways, walkin up the  
streets  
Residuals, re-enactments, constantly repeatedly burnin  
Vogues  
Flamboastin, high-sidin, turnin heads, REWINDIN!  
Ain't had the car but two weeks and already need a  
wheel alignment!  
See us Bay negroes is nigger-ain't-give-a-fuck  
Flip a spankin new vehicle, tear it up  
We play mind games with tizzy airhead ass hoes, make

uhh  
P, I-M-P, come V-I inch up bitch and pay me  
Hoe, ahh pay me n-uh-no attention  
These are the things that you need to know  
But just remember Charlie Hustle always told you so,  
it's to da beat y'all

Chorus:

And it don't stop, a TO DA BEAT y'all  
And it won't quit, a TO DA BEAT y'all

Voice boisterous, make the shit throb, a TO DA BEAT

Sittin on somethin clever talkin about, "40 Water can  
you help me out?

Told all my motherfuckers to try to wash they monies  
and make some kind of good out of bad, buy you a  
couple of fixer-uppers

Shit it ain't gotta be no brand new Caddy (To da beat!)

Use da dope game as a stepping stone, let your little  
sister run it

Turn one of the fixer-uppers into a care home, I'da

Where I'm from, Vallejo California born and raised in

Too busy tryin to scrutinize and slander me

As much as I done did for the community (To da beat!)

Do me a favor why don't you go out of state and go
