Never
Id never overturn
Never scold, scold me
You kiss that boy
No board game
I will hide

Take em down
Nigga
(Ooh yeah why?)
Take em down

No gun means I couldn't hunt
You make your emotion subside with me
And we follow me away
And inside the realm where they run away

Take em down
Nigga
(Ooh yeah why?)
Take em down
Nigga
(Ooh yeah why?)
Take em down GO

Down
Now
I want to run away
And hide under me
You and my own trouble scare
Come and cry into me

Take em down
Nigga
(My own)
(My own gun, why?)

Test, this is the one test taken
This was only a test
