I had so many problems
And then I got me a Walkman
I really liked it a lot, and
They walked right in and they solved them
They walked right in and they solved them
I heard Ramona sing
And I heard everything
The speed they're traveling
They are the only thing
Ramona
There were moments in the night
It was all right
There were moments in the night
I heard Ramona sing
And I heard everything
The speed they're traveling
They are the only thing
Ramona
I don't care if they're real or they're pseudo
I don't care if they get any higher
I hope if someone retires

They pull another Menudo

They pull another Menudo

They pull another Menudo

They pull another Menudo

There are moments in the night

It is all right

There are moments in the night

I hear Ramona sing

And I hear everything

The speed they're traveling

They are the only thing

Ramona
