The islands of Phoenix

In 2016

Are making it up with hardihood

I'm done with adult matters

I'm doing the catapult

I've been meaning to get out of Hollywood

Space is gonna do me good

Space is gonna do me good

It's not you I don't like

No, the boy is the same

I'm taking the turnpike

There's no point in to blame

Oh yeah

Words of the man Ray

If you want to stay tan

Better to do it with a toy or a game

Oh yeah
