Paint a picture in your mind now a romance
a young couple on their wedding day, gold bands
sparkle together as they holds hands
Guest please clear the floor for the couples first slow
dance
that was how I felt when my first cheque from
Socan...better yet, getting that video grant
I was like "Oh Man! I thought we had no chance! I'm
gonna be on a TV program!

Honeymoon'in next thing you know "BAM!" you're
somewhere in Manitoba and an old van, full of
merchant, you cursin' cause it's cold "Damn!" even
you're toe jams frozen and it's so cramped
From promotion, startin' to rollin', your video is
getting played more than Lindsay Lohan's
Or maybe Josh Groban or My Chemical Romance, either
way,
it's played more than most jams
So you gotta play
for those fans, much generated, much appreciated,
it's time to tour the whole land

I was the burger KING of the road. Going royalties
on chard broiled beef, then hit the throne (that's
code for the toilet seat).

Before we go, gotta clean up this oil leak, and I
don't think this kinda fame's gonna spoil me.
Handelin' the details, faxes and emails, backin'
the e-sales, and shows of retail, still I'll need
shelves, feelin' like refill.

How's my total number sold, even under D12's?
Thought having me a video would fix that, then i'd
have a hit track, and later remix that.

Just to get it played again, talk about Mad spin.
My head say I sound Canadian, like it's a bad
thing.

Yo' I know my record at Atlantis, and no, I ain't
Atlas, and man, if I can't get a dang hit.
listen to her honey and get a video grant and
then I might never nab that big body, money, and a
mansion. Ah oh, oh my goodness,
gotta get some shots where the hood is
real recognize, reel some footage.
So put it where the hook is, so the look get some
strongest write, after the verse, and before
Pharrell March says...

Yo' back at home I'm on the net as usual.
Any minute, faxes from posts and nets approval
so I'm stressed from losin, no press reviews,
seein' if they are generating more hits from google
That's the message from boys, kids, broads and
forms on brutal
and I am still far from famous so that's more than fugal
Yo' so I try and stay calm in my phase, the human
commonly played and when they comment on my
page,
cause it subtle
How to subconsciously swede, you gotta guard it.
Specially since we are constantly trained, to
concentrate on garbage, compensation rates, is
closed cars hittin on compliments and praises.
Yo' we still on the come up the he clouds and grime
from sun down, and sun up, in the land where
the sun don't shine.

Why does this country have to be so big?
Drive'in 500 miles to the next little gig.
And I hope I connect with the kids out in
Lethbridge, Alberta, 'cause my style is sorta leftish,
And I heard they ain't left-us. We gettin' payed on
the doors - sorry girls no guest list.
Promoters floor: Please not tie or carpet.
Car radio: One station, Starship.
We built this city on videofacts, hot tracks, and a pretty
dope concept
