The lights come up, the show is over  
The theater empties as the credits roll by  
This house is cold, the song is fading  
I sit alone as curtains close on this heart of mine

And I wonder how it all came down  
To the famous final scene  
How we lost the thread that held us  
Spellbound in a dream

#### CHORUS

Now the stage is dark  
And the theaters cold and lonely  
The music fades  
Like an interrupted melody  
We wrote the score  
Now I hear the words "if only"  
Hangin' in the air  
Like an interrupted melody

The word began, my life found meaning  
The very moment when I saw your face  
All traffic stopped, I held you breathless  
I melted into you and lost all sense of time and space

Now I could've sworn forever's touch

Had surely leny a glove  
In conducting our life's symphony  
The melody of love

#### CHORUS

Now the stage is dark  
And the theaters cold and lonely  
The music fades  
Like an interrupted melody  
We wrote the score  
Now I hear the words "if only"  
Hangin' in the air  
Like an interrupted melody

I - I've been searching for the reason  
Tell me - why - are we strangers to the song  
Oh - could we go back to the season  
When we walked this earth together  
Two against the storm

#### CHORUS

Now the stage is dark  
And the theaters cold and lonely  
The music fades  
Like an interrupted melody  
We wrote the score  
Now I hear the words "if only"  
Hangin' in the air  
Like an interrupted melody
