I see lights  
Red, green, pink and blue  
I see lights  
Their web is bled untrue right through  
This city!

Right through! (x4)

I see lights  
Then a man beaten black and blue  
Hearts of coal  
I say "why?" He says "I was not in their crew"

Â

It's rotten!  
The streets are roamed by marching feet and fools  
It's rotten!  
They leave their mark upon this furrowed brow  
It's rotten!  
And there's no silence like a roaring crowd  
It's rotten!  
They pave their way to what they see  
It's rotten!

Right through! (x4)

Smoke comes out that café  
Got enough Euros and you'll get laid  
Mugged, beaten or squashed like a snail  
Under the foot of malice  
N those evil-soaked streets  
A rotten, torn and putrid feel  
Verminous hate beings, flapping their wings  
Pave the way for horror and decay

Right through! (x6)

I see lights (right through! )  
I see lights (right through! )  
I see lights (right through! )

I see lights (right through! )

I see lights

The streets are roamed by marching feet and  
fools (right through! )

I see lights

They leave their mark upon this furrowed brow (right  
through! )

I see lights

And there's no silence like a roaring crowd (right  
through! )

I see lights

(Right through! )

I see lights!
