Free fall violence
Few reach the soul
Jagged metal bad life
Few reach the soul
I'm a host, I'm a host, I'm a host, I'm a host
To the sucker disease
Parasites, parasites, parasites, parasites
Parasites in me

Insects royalty live inside of me
Insects royalty live inside of me
Insects royalty bleed inside of me
Insects royalty bleed inside of me

Mess with the perfume you will get the disease
I know you die, if you don't dream
Feel the heat, feel the heat, feel the heat, feel the heat,
Feel the heat in me
Demon seed demon seed demon seed demon seed
Demon seed in me

Insect royalty live inside of me
Insect royalty live inside of me
Insect royalty bleed inside of me
Insect royalty bleeding inside of me

Insect infect insect infect insect infect insect
Insect infect insect infect insect infect insect
Insect infect insect infect insect infect insect
Insect infect insect infect insect infect insect
