"Sunny Day"

I've been waiting on a sunny day
So I can fade away from
Feeling so jaded and over under rated
If I could just sing my way to heaven
I'd arrive there a quarter passed 11
Just in time to see the sight
Of the shooting stars above my head

And I've been waiting oh debating
On where I'm headed next if I'm still always feeling
jaded
Maybe it's time for me to pick my head up off the
ground

I'm coming home
To something that I've always known
And I'm sorry that it
Took so long for me to come around
But I promise I'm doing this for you

If everything I do makes you sick
Than maybe a getaway would be fit for me
Cause I'm way over this scene
Cause it's dressed with too much gossip and too many
drama queens
And lately I've been thing a lot
About who I am and who I'm not
And whether I'm headed in the right direction
I think I'm calling it quits with attention

And I've been waiting oh debating
On where I'm headed next if I'm still always feeling
jaded
Maybe It's time for me to pick my head up off the
ground

I'm coming home
To something that I've always known
And I'm sorry that it
Took so long for me to come around
But I promise I'm doing this for you

I've waited way too long for a sunny day to come my
way
Cause I've been aching for the best of me to finally
take it's place

I'm coming home
To something that I've always known
And I'm sorry that it
Took so long for me to come around
But I promise I'm doing this for you
