[Prime Minister]

I'm kickin this for my Lord and Savior, Jesus Christ

Came into my life, filled me up now I'm alright

Unbound them lost souls' the strategic plan

But understand I'm directed by the man and HIS Holy
Hand

And the click we be rollin wit is Z.O.E.

And the scriptures we be flowin wit is K.J.V.

Wit the hits we droppin, believe we poppin

15 in the trucks, got it thumpin and knockin

Cause we aint about to fall off

Run this race, and occupy this here space

Til we raptured up and hauled off

Nah dog, we aint commin wacked, infact

We headed back, laced the track are you tastin that

Facin black its a raw deal

And it's anointed when you representin the Lord wit it

Can you dig it, in this planet theres a better way

Open your eyes, givin to sanctified playas who can ride

[Chorus: Prime Minister and MC Hammer]

Cause we be ridin, survivin, layin back like we be hidin

1 time we surprise em, they army quickly dividin

Look, my clicks' strong, trillions of them

Picture us takin out millions of them

Cause we be ridin, survivin, layin back like we be hidin

1 time we surprise em, they army quickly dividin

Look, my clicks' strong, trillions of them

Picture 4 of us takin out millions of them

[2x]

[]

They be caught up in the rapery, they lied to me

In my eyes they surprisin me, they tryin to be

But I can see and I can spot a mighty ? known crook

Who been shook, cause it read it from the wrong book

But if you look, once was ten thousand right

Then multiply wit what was written, then a million in
flight

Aight, we lunched this attack in the back of a hummer

Duckin down sayin Prime where's the Bibles at

[]

Up we be up buck buck shots right out

M-16 Thomas machine spittin knowledge ring out

So we gon brake down the wall like the ?

Kinda different but we got shores in all

But if we could see that we all should be

Me I'ma praise Zion and gon do some dirt for me

True on Calvary we got the Victory

Got the dominion of fire under us that's how it's
supposed to be

[Chorus]

[2x]

[FTF]

Jesus, the Truth the Way the Light

That's why I never think twice

Layin demonic demons down in this spiritual fight

Sayin good night, to spiritual boxers on an all night
flight

Knockin demons out like Holyfield did Mike

What's happen Daddy, me and my dogs spit that fire

Makin demons go down like David murdered Goliath

We be ridin, one by one they whole army we be dividin

Cause we be ridin

[MC Hammer]

I killed the clock, a sack a rocks if your heart stops

Til I vision my worst dreams, of big G's gettin droped

Lord crusify my enemies and murder my pain

Untouchable, fireproof as I survive the game

On the trains they usin violence, tryin to keep my
silenced

But now I'm ridin and survivin cause Jesus gave me a
promise

Representin to the world, showin the evil they practice

I got your back Daddy, sayin them demons can't attack
me

[Chorus]
