I'm trying to find the words of what I'm feeling
I realize that I just lost my chance with you
No! Don't understand how could I've been so blind
When everything I dreamed I had within my arms

Every single place, every single scent,
Anywhere I look, I want to find you
And I hope that you where there no matter
Anywhere woman I had you
I can't go on feeling like this
I need you here with me I want to feel free
You have my heart you have my love,
And I don't want them back

Every word that I say
I'm thinking of you
And the song that I wrote
It's all because I'm sorry
It's too much without you
I can't seem to go on
And I know it's my fault

I know that I could live my life without you
But every little thing I do seems strange, insane
Help me understand the things I did so wrong
I'll make it up to you.
I want you here with me now
I want you back.

Every word that I say
I'm thinking of you
And this song that I wrote
It's all because I'm sorry
It's too much without you
I can't seem to go on
And I know it's my fault

Every single beat of your broken heart I feel inside
Screaming from the bottom of hell I'm sorry
I know that I will have to wait maybe another day
But still won't let you go away I'm sorry

You knew when I was down but I left without a sound
I was so wrong and I wasn't strong I'm sorry
You knew when I was down but I left without a sound
I was so wrong and I wasn't strong
