Well I'm never going back again  
This moment that I'm living is so cool  
Maybe I was insecure, not anymore, I found the truth  
A little bit of love is what I need, I'm making smiles all  
day  
I got to give myself; gotta give it all the way

Only love  
Let it rule  
It's all about love

No worries, no complications  
Let love rule  
No troubles, no aggravations  
Let love rule  
No worries, just celebrations  
Let love  
No troubles, love is all around  
Love is all around

You know that I was sorry then  
The dead man is no more, he walked away  
Who I am is what you see in front of you and that's the  
truth  
Nothing will change my mind  
'Cause now I'm free my soul is here with me  
I'm leaving for today, because tomorrow it's another  
day

Only love  
Let it rule  
I's all about love

No worries, no complications  
Let love rule  
No troubles, no aggravations  
Let love rule  
No worries, just celebrations  
Let love  
No troubles, love is all around  
Love is all around,.

No worries, no  
No complications, no  
No troubles, no  
You gotta let love,

No worries, no  
No complications, no  
No troubles, no  
You gotta let love,

Love is all around, Love is all around, Love is all around
