I'm trying to ease my mind  
I'm trying to blow it up and let it go  
It's just a glimpse of my life  
A little something won't hurt at all

Just want a slice of the pie  
I little taste will be alright  
I would live of it for now  
I'll make it last at least for tonite

I've been so wrong for a long time  
Mentally starved  
Don't know what I don't and I don't, I don't know  
I've been so wrong for a long time  
Mentally Starved  
I don't need around anyone who invades my hope, my  
hope  
Mentally Starved

It's just one step in front of the next  
I can't find any signs to point the way  
You might be thinking I'm doing fine  
I know I will, you know, but I just need some more time

I need my feet on the ground  
I maybe lagging far flying low fighting too much and I  
know  
I want to stay for a while  
Maybe until my mind comes back, I'm running to town

I've been so wrong for a long time  
Mentally starved  
Don't know what I don't and I don't, I don't know  
I've been so wrong for a long time  
Mentally Starved  
I don't need around anyone who invades my hope, my  
hope

Don't tell me that there is no more,  
I know I was right but still so wrong,  
What goes on still goes on will go on

My mind's been working overtime  
Still need more time if you don't mind  
What goes on still goes on will go on  
On and on and on! GET IT

Mentally Starved  
GET IT...  
Mentally Starved  
GET IT
