Think I know and I prove I don't, way I act before,
She strikes me as the one that's clean
The one in between reality and dream
Deep in the midst of these trillion things
I see the brilliance of a diamond ring
In between all the covers that enfold the skin
Is my lover who thinks these things and sings
Forget about those whose bring these swings,
Remember wu ming and the peace it brings
No lying stings from the nameless things,
Deep in the midst of these trillion things
The more you explain the less you contain
But the more you refrain the less you explain
I see your pain cause you cannot name
No words built to say what you wish to convey
Come closer to your closest memory in me
You can see what you've always seen
And be what you've always been to me
Receive what you wish to receive from me

Lo que quiero no me da miedo buscarlo
Al negarlo no soy yo
Ya me lo contastes hace ya mucho tiempo
Hace ya mucho tiempo que no hablabas como yo
Si peor no es posible pero mejor tampoco

Think I know and I prove I don't, way I act before
She strikes me as the one that's clean
The one in between reality and dream
Drunk by the scent of awakening spring
I seem to spend my time thinking
Not even she can design my wandering
Yet only she can understand my swings
She strips from the clothes that cover her
We watch the flow of the tides turn as all
I know in my mind burns
When I stare at the girl that my heart yearns

Lo que quiero no me da miedo buscarlo
Al negarlo no soy yo
Ya me lo contastes hace ya mucho tiempo

Hace ya mucho tiempo que no hablabas como yo
Si peor no es possible pero mejor tampoco
