Time and seas
Just meaningless divides
Think of me
And love will close my eyes

Keep me in mind
All the time
Deep inside
Anywhere
Always there
Everywhere

You and I
May never speak a word
Days just fly
Across the universe

Something's happened
I can't explain
Feeling...
The pouring rain
Before I'm gonna
Be back again

Time and seas
Just meaningless divides
Think of me
And love will close my eyes

Keep me in mind
All the time
Deep inside
Anywhere
Always there
Everywhere

Something's happened
I can't explain
Feeling...
The pouring rain
Before I'm gonna

Be back again

Keep me in mind
All the time
Deep inside
Anywhere
Always there
Everywhere
