"Julie On My Mind"

Softly, she stared right into my mind
And then she's gone leaving me behind
Will she always be a dream to me?
Or will I wake and find
That she's really real and it's Julie on my mind

Morning brings me another day
When I see her, what will I say?
Julie, look at me, Julie, can't you see
Why are your eyes so blind?
Yes it's only you, it's Julie on my mind

Julie, it's you that I see in all my dreams
But then it seems you disappear and leave me waiting
there

And I've been waiting such a long, long time
Will she ever say that she'll be mine?
Or am I to blame for this waiting game
Because I just can't find the right words to say
And it's Julie on my mind
