Just to set the move girl I brought some Marvin Gaye
and Chardonnay

Hol up, hol up, hol up, hol up, hol up, hol up,
Hol up, hol up, hol up, hol up, hol up, hol up,
Hol up, hol up, hol up, hol up, hol up, hol up,

This the fucking anthem, get it, the fucking anthem
This the fucking anthem, get it, the fucking anthem
This the fucking anthem, get it, the fucking anthem

Baby like... do that... hold up baby, won't you bring that
back

Bring that back, bring that back

Take... what you know about that

Like Marvin Gaye, Chardonnay, Barry White...

And I run up in the thing all night and day

And I'm running shit...

Make it rain Travis Porter,

And I'm balling hard, 4th corner

And these white girls love me oh all that show

Oh you don't know me... like

Hol up, hol up, hol up, hol up

Man it's... all day lover and she heard me on the radio

And now she's under covers, aww

This the fucking anthem, get it, the fucking anthem
This the fucking anthem, get it, the fucking anthem
This the fucking anthem, get it, the fucking anthem
Hol up, hol up, hol up, hol up, hol up, hol up,

Ok, Shawty so bad, bout to pull her over

Ass so thick like...

Y'all know city I'm a bulldog

... like a pool hoe

I ain't gotta touch it just to know it's real

You ain't got to smoke just to know it's kill

I tell them

Hol up, hol up, hol up, hol up, hol up, hol up,

You bad as shit, why the fuck you hanging with a
marriage chick

... used to have an shit

... ok, girl, it's your world
Got the most skills in the show girl
... uh, it's a cold world

This the fucking anthem, get it, the fucking anthem
This the fucking anthem, get it, the fucking anthem
This the fucking anthem, get it, the fucking anthem
Hol up, hol up, hol up, hol up, hol up, hol up,

... white... skipping rounds,... too thick for they pants
... can you please excuse my hands,
Cause this Henney I've been sipping
Got me all up in a trance
... go stupid like you never ever had a clue
... I'm so, I'm so... proud of you

This the fucking anthem, get it, the fucking anthem
This the fucking anthem, get it, the fucking anthem
This the fucking anthem, get it, the fucking anthem.
