That's right we back again
From LA to PA to OKC to AC
And everywhere across the world
Moving the damn lie from the sky lodge in Hollywood,
California IE
Where we created this project you're about to hear
Out of course ye, the world's famous DJ Skee
Bringin new, Joe World
My brother, Privaledge
You already know how we get down
So sit back and turn your volume up
Let's ride like this

It's life, when you fall off get right back on the bike
I've been tryin' to tell myself that er'night
But buzy dwellin on what they be thinking about what I
write
It's like I'm in a fight with myself but I ain't fighting for
what's right
It's like same chicks, same trips, same flight
Different story, different bed, every day the same
night
It's like I notice people getting older
I know the hood never change
I notice people only notice my succes when I'm working
'Cause my phone never rings
I wanna tell them how they fake but really I'll be just
listing a whole
Bunch of names
I'm busy tryin' to ball like the MLB but these niggers
they play a whole
Bunch of games
Rap niggers with a whole bunch of chains real friends,
fake friends a whole
Bunch of lames
Buddy list filled with a whole bunch of ain't
Tryin' to shoot that priv to get a whole bunch of fame
Couple a bruise in eye willin' to take a bat
And right back in the studio where you made it at
'Cause taking shots at priv just to get you a whip
Won't do shit for you 'cause I ain't made it yet

Don't go, destroy your carrer for something you don't
know
Me I'm tryin' to give all my life and still grow
For these cops kill me on a should night that fro
Said the bar for the younging in the hood don't blow
Or the last bit of sense that you got em all draw
Many of these rappers nowadays just show
Purple lench I just off on something they didn't know
Don't go x3, ye
Don't go x3, uh
Ye, shit's slow
Now tell 'em
When a see a mic
Don't go
Joe World, Joe World
