Low [x8]

[Chorus:]

I get low, kneel before the Father, do it big,  
Then glory to the King that's the reason that we living  
I get low, I lay me down every time I lift Him up  
Shining like a star point 'em to the world we living for  
I get low, kneel before the Father, do it big,  
Then glory to the King that's the reason that we living  
I get low, I lay me down every time I lift Him up  
Shining like a star point 'em to the world we living for

[Verse 1]

Now they know who I rep fo', homie it's Jee  
And then I OD on a K-Drama beat  
Man I'm high over life, but I'm lower than a '64  
Chevy on a 100 spokes with butterfly doors man  
People say they kings just because they ride clean  
With the top chopped off like it went through a  
guillotine  
But I do it different, Christ get His name lift  
But then it come back and we take off like a space ship  
But I'm not Kanye, I ain't working at the Gap,  
Boy I'm in da hood tryna put my foot in da gap  
Maybe through humility, they will see Him and me  
And worship the Creator, put creation where it need to  
be

[Chorus]

I get low, kneel before the Father, do it big,  
Then glory to the King that's the reason that we living  
I get low, I lay me down every time I lift Him up  
Shining like a star point 'em to the world we living for  
I get low, kneel before the Father, do it big,  
Then glory to the King that's the reason that we living  
I get low, I lay me down every time I lift Him up  
Shining like a star point 'em to the world we living for

[Verse 2]

He made himself low so we can have life just in case  
you didn't know

Even if you rich you should make yourself po'  
Ain't talkin' bout ya money but I'm dealin' wit ya soul  
See what I mean is  
You can double the money of Bill Gates, still couldn't  
buy faith  
It'll never change your fate  
You would all be in a casket preceded by the wake  
Have the best health plan but it still won't change the  
day  
Of demise, but God is eternal He'll never die  
He the reason you at least get this little glimpse of life  
And that alone should make you wanna get low quick  
Or whatever you thought about Him guaranteed that He  
bigger

[Chorus]

I get low, kneel before the Father, do it big,  
Then glory to the King that's the reason that we living  
I get low, I lay me down every time I lift Him up  
Shining like a star point 'em to the world we living for  
I get low, kneel before the Father, do it big,  
Then glory to the King that's the reason that we living  
I get low, I lay me down every time I lift Him up  
Shining like a star point 'em to the world we living for

[Verse 3]

Let me show you how to do it  
Stand on a rock and never stagger,  
Truth kill pride, I call it my swagga dagger  
So what? You make money, I ain't impressed mane  
Cuz them monkeys at the zoo bring in dollars like  
everyday  
And you ain't pick your attributes while you was in the  
womb so  
Ain't no point in bragging God's gift to you  
So I say, step 1, see Christ for who He is  
Creator, King, there's nothing more than God that's  
ever lived  
Philippians 2:3 esteem other people higher than you  
So that yappin' bout ya swagga should retire  
Cuz anything that opposes the Father is removed so  
I suggest that you deflate your chest like inner tubes

[Chorus]

I get low, kneel before the Father, do it big,  
Then glory to the King that's the reason that we living  
I get low, I lay me down every time I lift Him up  
Shining like a star point 'em to the world we living for  
I get low, kneel before the Father, do it big,  
Then glory to the King that's the reason that we living  
I get low, I lay me down every time I lift Him up

Shining like a star point 'em to the world we living for

I get low
