Wasted time, repugnance, repulsion
Collapsed hope, fought for what's been lost

Playback three years past you might find
This rage inside was sparked by you
After all that you put them through.
No one knows you like I do

Bring them all back
And I might spare your neck
A plan of attack
Is long overdue

This feeling of hate won't separate
And I'm sure when I calm down I won't change
I've tried to reveal my true self but this just won't
happen
Don't talk to me.

Divided, harsh discrimination
Afflictive, forced and brainwashed view
Stop accosting with your illusions

Our perceptions so misaligned
Misguided passion in your eyes
Will destroy their lives
No one will survive, NOW

Bring them all back
And you might spare this wreck
A plan of attack
Is long overdue

This feeling of hate won't separate
And I'm sure when I calm down I won't change
I've tried to reveal my true self but this just won't
happen
Don't talk to me.

No matter where you go, with scars, there you are
Wherever we know we can't run too far from this hate I

feel

This hate inside resides no and it won't die out

This feeling of hate won't separate

And I'm sure when I calm down I won't change

I've tried to reveal my true self but this just won't

happen

Don't talk to me.
