### "Hammer Of Prophets"

He was born to exterminate all they believe, worship  
And pray  
Heads of their prophets and masters will hang as  
Trophies on his stallion  
Blasphemous champion  
Lord of the pits  
Prideful apostate  
Heretic god  
Capitols of hipocrisy will be reduced to ashes  
The flames of incineration of their illness will be fed  
With their books of lies  
Blasphemous champion  
Lord of the pits  
Prideful apostate  
Heretic god  
He will seed the land scorched by his desolation  
Obsidian towers will rise ripping the heavens

Slave dogs will be impaled without mercy  
And his brood will walk this world as tyrants and kings  
Hyperborean emperor  
Barbarian warrior  
Bringing the banner of supremacy

HAMMER OF PROPHETS  
HAMMER OF PROPHETS

Signs of his calling awake the terror  
Antichrist  
Thirsty of blood raises the sword evoking this words:  
"I deny all your gods, sepherds of worms, I am the  
Prince of this world, HAMMER OF PROPHETS"
