"Unholy Wine Of Fornication"

Visit "[Unholy Wine Of Fornication](#)" on MotoLyrics.com

Black semen flows from the phallus of the Dead God
Swallowed by the impious vulva of the Great Whore
Mother of all the unclean with open vagina
Like a bleeding wound in trembly red flesh

Manifested under the sign of the black moon
Enthroned in the seventh infernal place
Bearing the blasphemous Grail of Doom
Obscene chalice

UNHOLY WINE OF FORNICATION

Captive whores lick the sacred cunt
Drinking the blood of the martyrs
Invoking unholy idols with impure orgies
Sadistic bestial lust Worshipers rites

Mother of all abominations riding the scarlet beast
Children of Abomination spawned one after another
Emanation of a devilish placenta - Endless perversity
Army of Samael prepared to rape and desecrate

Laughing in ecstasy - Bitch goddess squirts
Holy virgin humbled by thousand demons in sodomy

Laughing in ecstasy - Bitch goddess squirts
Holy virgin humbled by thousand demons in sodomy
