Is anyone out there at all?  
Does anybody hear my call?  
I'm on a channel all my own  
Tuned in from the Twilight Zone

My space-age Juliet  
She's the best invention yet  
Whenever I see her again  
All my lonely days will end

Now, I search all over the universe  
At the edge of the century, yea  
At the edge of the century, yea  
Feel so lonely, am I the only one left on earth?

At the edge of the century, yea  
Countdown to infinity, yea  
Feels so lonely, am I the only one left on earth?

Is anyone out there for reals?  
Does anyone feel like I feel?  
Caught in a science fiction scene  
That never made it to the screen

My space-age Juliet  
This stage is desolate  
Before the first act was complete  
The shooting starlet hit the street

Now, I search all over the universe  
At the edge of the century, yea  
At the edge of the century, yea  
Feel so lonely, am I the only one left on earth?

At the edge of the century, yea  
Countdown to infinity, yea  
Feel so lonely, am I the only one left on earth?

Now, I search all over the universe  
At the edge of the century, yea  
At the edge of the century, yea  
Feel so lonely, am I the only one left on earth?

At the edge of the century, yea  
Countdown to infinity, yea  
Feel so lonely, am I the only one left on earth?  
I feel so lonely, am I the only one left on earth?  
Feel so lonely, am I the only one left on earth?
