I saw her get off the bus
Perfectly dangerous
Though I could tell the trouble she'd spell
I fell for Gabrielle

She said, "I can't stay long
There's somewhere else I belong"
But I made her smile with my so-called style
I knew she'd stay awhile

Gabrielle is the next big thing
Gabrielle, you'll have everything
Soon everyone will call out your name
Call out your name, my Gabrielle

Moving so fast, we crashed
Hours and weeks flash past
Running around, uptown and down
Feet barely touched the ground

We could break all the rules
But love is a game we'd lose
Never confess, pretend you care less
No one's to blame, I guess

Gabrielle is the next big thing
Gabrielle, you'll have everything
Soon everyone will call out your name

Gabrielle, I can't let you go, Gabrielle, in the end I know
I'll be the one who calls out your name
Calls out your name, my Gabrielle
I call out your name, my Gabrielle

Gabrielle never cries
But something was in her eyes
Whispering words goodbye

Gabrielle shines on screen
And covers of magazines
On billboard signs, nine stories high
Once she was only mine

Gabrielle is the next big thing
Gabrielle, you'll have everything
Soon everyone will call out your name

Gabrielle, I can't let you go
Gabrielle, in the end I know
I'll be the one who calls out your name

Calls out your name, calls out your name
I call out your name, I call out your name
My Gabrielle, my Gabrielle, my Gabrielle
