Run away, run for your life  
You cannot hide, hide out  
Heartbeat racing  
Keep the doors in sight

Sky is falling, voices calling  
Engine stalling out  
Keep your eyes shut  
Keep your eyes shut tight

Shockwaves shatter everything  
You can't explain it  
Shockwaves scattering your brain  
Blowing you away

Shockwaves, shockwaves  
Blowing you away  
Shockwaves, shockwaves

Stay in focus  
Hold together, helter skelter  
Things are not all right, not tonight

One more warning, clouds are forming  
Crowd is swarming in  
Can you get through  
Maybe you just might

Shockwaves shatter everything  
You can't explain it  
Shockwaves scattering your brain  
Blowing you away

Shockwaves, shockwaves  
Blowing you away  
Shockwaves, shockwaves  
Blowing you away

Shockwaves shatter everything  
(You can't take it anymore)  
Shockwaves scattering your brain  
(You can't just keep thinking)

Shockwaves shatter everything  
(Everything)  
Shockwaves scattering your brain  
It's blowing you away

Shockwaves, shockwaves  
It's blowing you away  
Shockwaves, shockwaves  
Blowing you away

Away, away, away  
Blowing you away, away  
Shockwaves
