Yah, Embee, Promoe, Prime-time  
check it

\*Don't hate the media, become the media  
They already know we are  
so why no't get louder and louder and louder.\*

Prisoner code T.H.X, 1-1-3-8  
I'm a break the chains and litigate Bill Gates.  
And Ricki Lake type intruders of your private life  
It's like they got a million private eyes in the public eye  
That they publicize doubleized, In a love disguise,  
Wolf in a sheep clothing, I just love these guys,  
Talking about freedom of speech, freedom of the  
word,  
It's a well-known fact you need cash to make your self  
heard with,  
Topics like this, they don't let litterarly to stop me,  
But I'll be happy to sell 20 000 copies,  
That don't make no revolution, so what I'm I to do then,  
Rather die lusing then get my message diluted,  
Dilemma: either you say nothing to a lot of people  
Or you try to kick some sense to a minority of equals  
Who already know what you know and don't need to be  
schooled  
But 85 % of the population keeps getting fooled

(Chorus:)  
But the massmedia misleading ya,  
all 'em press idiots gets greedier  
chasing headlines and deadlines  
the truth left behind us  
it's primetime and the blind lead the blind  
It's the massmedia misleading ya,  
all them press eateries gets greedier,  
chasing headlines and deadlines  
the truth left behind us: primetime

Yah, They tried to drug me with TV  
Dissever mislead me  
But on the low though, I don't keep what they feed me

Believe me, I throw it up like a bulimic  
Don't tell no one though they put me in a clinic  
For brainwashing, they want to stop my guys  
With money and lies, they got the troop monopolized  
Manipulate and pollute the Mind State  
Generations of mine rate  
My voice echoed off the walls of Jericho and Berlin in  
the old days  
Listen closer here and now  
In your own hallways  
It's your baby brother quoting me  
He got all tapes, some youths of today  
Want substances, not all saints  
Massmedia don't wanna deal with the real issues  
They want you to think, life is about chasing the riches  
But that materialistic shit will fade away  
Don't get caught up in the modern day slavery tray

(Chorus:)

It's only massmedia misleading ya,  
all the press eateries gets greedier,  
chasing headlines and deadlines  
the truth left behind it's primetime  
and the blind lead the blind  
It's the massmedia misleading ya,  
all them press eateries gets greedier,  
chasing headlines and deadlines  
the truth left behind it's primetime  
and the blind lead the blind

Notice that that's the opposite of the standard view  
about democracy  
It's a game for the elites, ehh, it's not for the ignorant  
masses

The unemployed no longer wants to be used  
Modern day slavery, computers rules  
In the school system, of miseducation  
The entertainment business of ???  
Capitalist interests, run the press 'n information  
Hightway to hell approaching, the end-station  
At a faster pace than formula 1 racing  
Blaming the problems of society, on immigration  
When in Sweden may guns export it to poor nations  
Causing wars and starvations  
Killing africans and asians  
Calling it "foreign relations"  
And it's all an annihilations  
Yo, you forced them to leave their homeland  
For an unknown land  
The look upon them, is more barbaric than Conan

They asking for work, and you say 'no man, you can't  
be trusted'  
They walked down your street and get busted  
By your so-called justice  
Designed to change mines  
To put you in the lead, and the others behind  
Well I will never try your road again, never vote again  
Cause you have used the mass-escape quote again  
I'll rate your radio-show again, like once P.E.  
Run up in your office screaming and raving  
Blame me!  
I got the hottest beats out there courtesy of embee  
and rhymes with the message to set your mindstate  
free

Chorus (2x)

This is not a democratic socociety. Notice that that's the  
opposite of the  
standard view about democracy. Nowhere else is  
people so addicted to information  
and entertainment in printed words. Propaganda for  
democracy is what violence is  
for a dictator ship. It's a game for the elites, ehh, it's  
not for the ignorant masses.
