Yo, this is somethin new by notorious-ass Above the  
Law

In the motherfuckin place

The Illustrator KM.G

Yo 187, you gotta let em know what's goin on

[ VERSE 1: Cold 187um ]

See, I'm like a psycho, I meditate with a beat

I add a rhyme, to make it sound complete

I go into a state of mind that I very seldom enter

To put it on a black plate of wax with a hole in the  
center

Understand, I'm not the greatest

Above the Law is always funky fresh and we will never  
be the latest

Look at that, we're two steps ahead of you

I just simply get up on the mic and do what some MC's  
are scared to do

Go for the gusto, if so

Yo, I keep my hat cut low

I'm a friend, not a foe

A pro, as a artist

Give my hardest as the farthest

That'll take it up the ladder

See, it really doesn't matter

Cause oppositions I will scatter

This I call rhymin, yo, not chitter-chatter

Like Malcolm X, see, I be takin a stand

A man with the plan makin you dance

On the dancefloor, more

Of a new style that's worth your while

It's from Pamona

So you know I had to lay this shit on ya

Hit the switch, then rewind this shit

Grab a 40 ounce and go mack to a bitch

Now ladies - please don't be offended

Because my lifestyle is hustlin, and see, I'm in it to win  
it

Yo, what could I possibly be sayin

Man, when I do it like that?

Yo, drop your lyrics

[ VERSE 2: Cold 187um ]  
See, I'm livin large, I clock dollars from day to day  
And on the weekend go out for some play  
I'm like ballin with the untouchable HBC  
Real brothers that are down with me  
And if I call on em, you're gonna pay the cost  
Because they're puttin out contracts for you to get  
tossed  
Muffled, broke on, we throw you in the river  
Cement shoes, so that you sink much quicker  
Cause me, I gotta have it, one way or the other  
I'm takin out your family, your sister and your mother  
And your brother, undercover I got to keep ass clean  
And when the shit goes down I'm nowhere to be seen  
You know - what could I possibly mean, Dre?

Now see, I have to break it down like on a funky tip  
So you don't wanna slip or trip or maybe go overboard  
You can't afford to ignore this style  
Above the Law steady housin em, change the dial  
I don't smile, I always keep a serious face  
So if this beat is that funky, why don't you pump up the  
bass?  
And fall into the groove like you're supposed to  
But not too deep, because we got another show to do  
This is dedicated to my brothers and sisters  
The white, the black, and all the hip-hop listeners  
One nation stayin under a groove  
Above the Law's pure in it to win it, we don't lose  
I'm not a new jack that smoke crack, don't play me like  
one  
87's got the power, if you wanna, come get some, son  
I think your status is weak, you'll never compete

But I don't have to sweat it, cause my posse's just too  
deep  
Yeah, we kick ass and take names and remain the  
same  
We live large while you sit and complain  
I have to break it down to all the people I know  
>From L.A., New York, Detroit and Chicago  
Oh, I can't forget Dallas and D.C.  
Miami, Florida, St. Louis and Philly  
But back to the subject of rockin and jockin  
Makin it funkier than funky, keepin you hyper than hype  
Makin you hot, so hot you wanna drop to your knees  
Make the whole damn nation catch a deadly disease  
Cause when I rhyme, I makes a killin  
And if you haven't seen our show, you don't know the  
feelin  
(Word) that's all I gotta say  
I'm just smooth kickin lyrics
