Split-tounged!

Blackened hordes arise! With shadow wings to cross  
the  
Land  
Betrayers of the lord, obscured and dwelling forlorn  
Master - inhale the fumes... Grasp their devius call  
Satan - speak the words, their serpent tounges  
screams  
For war

The utter bringer of darkness...  
Kneel before the storm, bow before the one with horns

Ancient tales of the holocaust, the great fall of man  
Once foretold by the split-tounged... Now it is at hand  
One by one they all fall slained, thrown into the deep  
Sea of red  
Season of the split-tounged - the harvest of the dead

[6-string shriek: Jens RydÃ©n]

Chasm of old, opens wide as brimstone blows  
Funerals wind sweeps throughout the world, emerging  
From the abysic depths below  
Evil - the conquering, consuming of earth  
Father - speak the worlds, command the world to...

... Burn... To mourn, torn... Reformed,... Again... And  
Again  
... Blood is stained... Life is drained... In his name

Ancient tales of the holocaust, the great fall of man  
Once foretold by the split-tounged... Now it is at hand  
One by one they all fall slained, thrown into the deep  
Sea of red  
Season of the split-tounged - the harvest of the dead

Out from ashes, a dark realm's unfold  
Foretold by the split-tounged... Now to behold  
Death has been spread, all blood is she'd

Due to the split-tongued, mankind is dead
