World wide war!

Revelation conspiracy, a retribution malign
The consequence of divinity has now burst into inpurity

Bury the days of the orthodox, entomb the lies of the
Cross

Impale the icons of holy faith, disarm the light -
Invert day into night

Ten commandments ablaze, behold their temples fall
Within the burning, dying reign
Declaration, set the palest of dove in flames - world
Wide war
World wide war

Children of the realm above - inhale the ashes of your
Fall
Embrace the fate, sink into the black, absorb the
Slumber of your destiny

Ten commandments ablaze, behold their temples fall

Within the burning, dying reign
Blasphemy, clad the world with obscurity, infernally,
Enter nocturnal supremacy, eternally, infinity, arise -
Purgatory

The white flag's rising, but all in vain, outnumbered
Frontlines pushed back and drained
The sound of retreat drenched in bloodcurling
screams,
Forever shattered are those peaceful dreams
Now, taste the victory, an era I darkness enthroned
Triumph engraved in pitch-black soil, his glory
Interred with the guts of all angels beyond

[6-string shriek: Jens RydÃ©n]
