"Carry You"

Well I think I've found my calling,
In the wind is whispering.
You may be falling,
But don't worry about a thing,
'Cause I am here now
And these ears are listening
To everything that you have to say.

So come on say what you want,
I will listen to your little voice.
Like a shot in the dark,
It may pierce at first but then bury deep in my mind and
in my heart.
We may part but you're never far from me
Cause I carry you, always.
Always.

Do I count the days to arrival?
Or do I count the days to leave?
This place is my home, but only temporarily.
The hugs and goodbyes are soon met with welcoming
To this adventure, that I have only dreamed.

So come on say what you want,
I will listen to your little voice.
Like a shot in the dark,
It may pierce at first but then bury deep in my mind and
in my heart.
We may part but you're never far from me
Cause I carry you, always.
Always.

Yeah yeah yeah yeah
This is my life,
Right now I'm living it.
This is my life,
Right now I'm living it.

So come on say what you want,
I will listen to your little voice.
Like a shot in the dark,

It may pierce at first but then . . .
Come on say what you want,
I will listen to your little voice.
Like a shot in the dark,
It may pierce at first but then bury deep in my mind and
in my heart.
We may part but you're never far from me
Cause I carry you, always.
