Careful now, watch the sound,  
Tear her down piece by piece.  
A melody makes a scene, but it's all inside her.  
You can wear your heart on your sleeve,  
Expose it to the world,  
That you want to leave.

I don't want to know  
About your midnight escapades  
Or all the names of friends you've made.  
I don't want to know  
About all your daring mistakes  
Or the chance you didn't take.  
The chance you didn't take

So . . .  
When the time is right  
Our minds will meet again on common ground.  
Just like we dreamed, just like we'd hoped,  
Just like we talked about.  
So you can call the shots from high towers  
Send a telegram that you'll never be returned

And I don't want to know  
About your midnight escapades  
Or all the names of friends you've made  
And I don't want to know  
About all your daring mistakes  
Or the chance you didn't take  
The chance you didn't take

Careful now, watch the sound,  
Tear her down piece by piece.  
A melody makes a scene, but it's all inside her.  
Careful now, watch the sound,  
Tear her down piece by piece.  
A melody makes a scene but it's all inside her  
I don't want to know  
About your midnight escapades  
Or all the names of friends you've made  
And I don't want to know

About all your daring mistakes  
Or the chance you didn't take  
The chance you didn't take
