The world most hated

Be about paper chasing law money, federal cases

The world most hated

Sex, money, murder

By any means homey we got to take it

The world most hated

Official with the gun plate

My Kartel can't be faded

[Nikki Bonds]

Is it my destiny to be a stick-up kid, rapping, selling  
crack & weed?

Got your baby mama tied up in back of my V

I'm a gangsta with a capital G

Heard you're sitting on a half of ki

My dirty shot A-P blaze rapidly

I mass up dumping your whole faculty

Catch me in St. Valencia getting head from Daphne

Smoking indica, sipping Dackery

Jealousy and envy turn your best friend to your enemy

Money will tempt me

Run up in your crib and leave your safe empty

Squeeze trigger 'til the clip empty

Walking up and down this crib hugging the block

Haters telling the cops; me and my set got drugs on  
the block

That means somebody top gotta get popped

Kartel for life; you know how we rock

Don grimy, grimy, bitch from dirty DuMont

(Hook) Bloodthirst

The world most hated

The world most hated

Hated, hated, hated, hated...

[Baracus]

Why y'all niggas hating on us?

Like you faggot niggas don't know you'll get touched

See us hopping out of big, black trucks

Chromed out with the chrome out smacking niggas up

Lay on the floor nigga, give it up  
Try to run my dunn, backing niggas up  
Disrespecting my jukes, clapping niggas up  
Be the role big gun style wrapping niggas up  
Niggas know the Kartel bring bells  
And we keep it popping, streets to the jails  
Niggas kinda fucked up, right now  
But as soon as we get right niggas getting nailed  
Got the coke, crack, dope, and the weed  
Tell me what you want, I'll tell you what you need  
And we got these hoes down on their knees  
'Cause they know the Kartel came up on some cheese  
And we've been fucking, 2Gs  
Shutting down the game for the 2G

[Bloodthirst]  
Man, the realest niggas you ever gon' meet  
Real niggas we forever gon' eat  
Love the way we move smooth with the vest and the  
heat  
Left field niggas get lost left in the street  
Got 'em hollering "Kartel off the meat"  
Nothing soft and sweet, lift you off your feet  
Moving unlawful deep in the Excursion, splurging  
Stopping at the light, shitting in the Suburban and  
I run with thugs that make niggas come up missing  
Spot you on the corner, parked the whip and run up  
hitting  
Same night book a flight to the fight shitting  
In the 850, eye pearl, white dipping  
Though three lays me, dopey, grimy and three dames  
Starring at the world through my rear view in the speed  
lane  
While y'all lame niggas pissing in ears  
Know when we be the reason why you switched your  
careers  
And them stinking ass hoes hating on a nigga  
'Cause we got the Denali's into datings on a nigga  
And y'all sideline niggas playing the fence  
My M2 ace make niggas lay on the fence  
Used to play the bench like it ain't made no sense

To them sherm heads by snitching they played those  
sense  
Most hated

[Elohim]

Most hated I'ma bang 'til I drop  
Won't stop 'til we pop  
Won't stop 'til we get on top  
Get situated; be about paper chasing  
Duck taping, beating murder cases  
My Kartel can't be faded  
Infamous all the dangerous predicates  
Uh-uh-uh, the world most hated  
Everyday, all day, be about the trigger play  
Every gun I tote gotta be chrome and nickel plated  
Thug niggas, scheme drugs, still a dream  
Bucky out beam, beam, beam, beam  
And a whole lot of cash  
Hydro, cocaine, gators, gold chains  
Champaign's, and a whole lot of ass
