Oh what a feeling

The rude boy is feeling

I'm so lonely inside

This rude boy feel like screaming

Wayne Wonder:

I'm lonely lonelylonely

Girl I'm lonely for you only

Feeling lonely lonely lonely

Girl I'm lonely lonely lonely

Buju Banton:

Stein!!

What ya gonna do

Woman fed up, wants nothing to do with you

Can't see through

Me say it get together woman dem no

Inna not a acapella fellow

Good weather bad weather strong umbrella

Yu back affi broad

Mek di woman feel as if she flying on a Concord

Yes mi bredda mi say use up cool water

What ya gonna do to obtain this daughter

Have the lamb in hand let it escape slaughter

Now all over town you is a laugh

Cho cho

What ya gonna do...

Wayne Wonder:

Was it something that I've done

Was it something that I've said

Tell me tell me

What can I do to change your mind

Lady don't let me down not this time

No no no no

Buju Banton:

Lady I give you all the loving

The affection that I have

Undivided attention

Never treated you bad

Don't you leave a lonely man, I'll be literally mad

You bring joy to this boy

With the loving that you have
Fantabulous smile
Captivate me all the while
Lonely lonely lonely like a motherless child
You curve mi observe woman it rest upon me nerve
Your lovin I'm missing night and day
The ragga is reminiscing
I sing what you gonna do
