Way down  
I can't seem to feel anything  
Hey now  
You don't seem to want me anymore

I can feel from the bottom of my heart  
That you'll see everything  
If you show another way that we can start  
Then you'll know I am alive

Somehow, I can't seem to find anything that's real  
Why now?  
I don't have the time to fall off Earth again  
And now I know

I can feel from the bottom of my heart  
That you'll see everything  
If you show another way that we can start  
Then you'll know I am alive

(Solo)

I can feel from the bottom of my heart  
That you'll see everything  
If you know that all the time we spend apart  
Makes me feel so alive  
If you show another way that we can start  
Then you'll know I am alive
