"Breaking Me"

Hear me, hear me
It's you I'm talkin' to
Feel me, fear me
It's coming 'round on you
Make me something that's never even true
Hate me always for what I've done to you

Falling out
Up right now
Not a sound
Fall back down
You're lost and you're falling

Down in the water it feels like you're breaking me
Can't pull me under I'm over my head
Pulled to the slaughter it seems like you're following
Can't kill something that's already dead

Love me, need me
I'm now inside of you
Learning, knowing your every thought that's true
Melting slowly around your conscience too
Hating endless for what I've done to you

Falling out
Up right now
Not a sound
Fall back down
You're lost and you're falling

Down in the water it feels like you're breaking me
Can't pull me under I'm over my head
Pulled to the slaughter it seems like you're following
Can't kill something that's already dead

Down in the water it feels like you're breaking me
Can't pull me under I'm over my head
Pulled to the slaughter it seems like you're following
Can't kill something that's already dead

Down in the water it feels like you're breaking me

Can't pull me under I'm over my head
Pulled to the slaughter it seems like you're following
Can't kill something that's already dead
