

Projected "Closure"

Visit "[Closure](#)" on MotoLyrics.com

Stop, start, think I'm starting over
Now, then, will it ever end?
Fearing that I won't recover
Now and then, will you feel the same?

Turn it on, turn it over
Start it all and then
Turn it off, find the closure
Start it all again

Move slow, think I'm losing conscience
Can't hear, tell me who's to blame
Never thought it end up like this
Tell me do you feel the same way?

Turn it on, turn it over
Start it all and then
Turn it off, find the closure
Start it all again

Turn it on, turn it over
Start it all and then
Turn it off, find the closure
Start it all again

(Solo)

Turn it on, turn it over
Start it all and then
Turn it off, find the closure
Start it all again
