I take a cold hard look at you  
And I see something I never knew  
If I had known  
I could've helped you see the truth  
You lost your way but all of us sometimes do  
If you had known...

Turn around  
I never thought you'd sink so low  
I'll never ever let you fall  
Turn around  
I never thought you'd fall so low

I take a different point of view  
And I know something that's always true  
To each his own  
You could've picked yourself back up  
You get knocked down and if it doesn't kill you  
It makes you stronger

Turn around  
I never thought you'd sink so low  
I'll never ever let you fall  
Come on now, you never had to go  
So far away from everything you know  
Turn around  
I never thought you'd fall so low

(Solo)

Turn around  
I never thought you'd sink so low  
I'll never ever let you fall  
Come on now, you never had to go  
So far away from everything you know

Turn around  
I never thought you'd sink so low  
I'll never ever let you fall  
Turn around  
I never thought you'd fall so low

Fall so low
