Stand down now  
When it all comes 'round  
Hold your ground  
Try to take the crown

It's never ever the same way once it's done to me  
You never really even know  
The perception that it gives me is simple apathy  
But time will always show off your true colors

Now...  
I'm getting way out ahead  
I thought you'd never ask  
How...  
I'm letting someone instead  
Wear my crown again

Why...  
If it was only the first time  
You know I'd never...

Stand down now  
When it all comes 'round  
Hold your ground  
Try to take the crown

You never ever even said anything to me  
I just went with the flow  
The self-righteous indignation was only show I see  
But I will never be your slave, I'm coming...

Now...  
I'm getting way out ahead  
I thought you'd never ask  
How...  
I'm letting someone instead  
Wear my crown again

Why...  
If it was only the first time  
You know I'd never...

(Solo)

Now...

I'm getting way out ahead

I thought you'd never ask

How...

I'm letting someone instead

Wear my crown again

Stand down now

When it all comes 'round

Hold your ground

Try to take the crown
