They trickle it doon and wi sup it aw up
This mug wullny take it, am full tae the brim ye see
Ah counter ma ailin' position with brains
If that disnae stope then back tae the wife n' weans
These guys are aw lousy wi other guy's fleas
The circle is growin' wi relative ease yi know
There's only wan thing that's left for tae dae
Dissect an bisect it an' separate the strays

Ah'll clean up the precinct wae gall n' wae verve
It's thame that's the wankers
They'll get what they deserve
You keep yer eyes open an' don't let them stray
Come hell or high water this dog 'll have it's day

Ah'll clean up the precinct, ah'll craze it wi cracks
The wae that wur goin there's nae lookin' back yill sae
Ah'll tread on the toes that hide in the boots
These cunts are all cosy inside their new suits yi know

Ah'll carry out everythin' expected ae me
But ah cannae very well turn a blind eye tae it
If you are the cause ae whit ah hive tae be
Then at least come oot an admit that your part ae it
At least come oot an admit your part ae it

Excuse me sergeant ah've somethin' to say
There's a lot of people doon there
They're no doin' it the right way
Wi give them backhanders
They release yi oon loot
And that's aw this dae yi know
"OK, give me their names, give me their names
And ah'll get them right now"

"Well ye've got Healy, ye've got Brenderson
Ye've got Henderson an' McFarlane"

Get out of my office...
What do ye take me for?
Get out of my office...

It only takes one little person like you
To ruin an establishment such as this
We don't need men of your calibre around here
Out!

Ah'll clean up the precinct wae gall n' wae verve
It's thame that's the wankers
They'll get what they deserve
You keep yer eyes open an' don't let them stray
Come hell or high water this dog 'll have it's day

(Freeform rant)

If I ever see you again... Just keep from under my feet
OK
... Ye've got aw ye're trainin' an' aw ye're schools
... An look at yi, ye're a bloody disgrace!
