We ride the serpent
Serpent'
Get in line
Get in line'

The sun is setting
We live in darkness
The light is fading
No hope in sight

We ride the serpent
Serpent'
Get in line
Get in line'

The time is changing
Believe in nothing

The time is changing
Trust in nothing

We ride the serpent
Serpent'
Get in line
Get in line'

The secret is out now
It can not be stopped
The magick's in motion
Cast the spell
Do what you will
