I forgot everything I've learned
It never did me good anyway
I forgot everything they told me
It never got me anywhere

All I got is what I know
All that matters is what I said
All I need is what I've got
I don't need anyone at all

But me
But me
It's all I can rely on
Is me
It's me
It's all I've ever known

I burned all of the papers
I tore apart all of my things
I forgot everything and everyone
I don't need them all now

All I got is what I know
All that matters is what I said
All I need is what I've got
I don't need anyone at all

But me
But me
It's all I can rely on
Is me
It's me
It's all I've ever known

So everybody just leave me alone
And I'll go on it all on my own
Cause I can't depend on another life
Cause it's my life
It's my life

All I got is what I know

All that matters is what I said
All I need is what I've got
I don't need anyone at all

But me
But me
It's all I can rely on
Is me
It's me
It's all I've ever known

It's me
It's me
It's all I can rely on
It's me
It's me
It's all I've ever known

It's me
It's me
It's me
It's me
