I've had enough of life  
As it stands and as it is  
One more problem every day  
Can't take it anymore  
I just want to end  
So let's have one last drink  
Before i go over the edge  
And wind up the floor

I've had enough of life  
As it has been and what it was  
One more thorn stuck in my side  
I don't want it anymore  
So just let things lie  
Let's just stop tryin to survive  
Have one last drink  
Before we say goodbye

Let's drink to death  
Let's drink to the end  
One last swig of life  
Before it tumbles down  
Let's drink our lives away  
Let's drink to the end  
Of my humanity

I've had enough of life  
As i know it could have been  
Could have been much better  
If the people would have just listened  
Heard my pleas and cries  
Would have lent me a helping hand  
But i don't give a fuck no more  
I just want it to end

I've had enough of life  
There's nothing more to say  
Time to go and take the last step  
And throw it all away  
Will you join me in this dance  
I know you want it too

What god wanted for us  
Is just too hard for us to make it through

So let's drink to death  
Let's drink to the end  
One last swig of life  
Before it tumbles down  
Let's drink our lives away  
Let's drink to the end  
Of my humanity

And then we will be free  
Free from horrors beyond  
Our perceptions  
As life we discard  
And then we will be free  
Free to live beyond  
The grave as we float  
In style like ghosts

As we float  
In the style as ghosts  
As we float  
In our style as ghosts  
In our style as ghosts  
In our style as ghosts!

Ghosts!  
Ghosts!  
Ghosts!!!

Let's drink to death  
Let's drink to the end  
One last swig of life  
Before it tumbles down  
Let's drink our lives away  
Let's drink to the end  
Of my humanity

So let's drink to death  
Let's drink our lives away  
Let's drink to the end  
Of humanity

So let's drink and go  
To that other side  
Can't take it here anymore  
In heaven and hell where we go  
Wherever we go

We will survive

We will survive  
We will survive  
We will survive
