f/ Lil' Rob

[Verse One]

I got some shit to make them all stop hatin

I got some dick to make you and that bitch stop waitin

And I got a trick and I'll make you fall in love

And you can have that bitch for just a couple of doves

Frank V is on some sick shit

Some fat shit

Some way a latin rapper cant rap like that

Shit I been payed, been laid

You just been sprayed with some shit that I just made

No fade bald headed fuck it keep your credit my shits  
clean supreme unleaded

Low ride all day, hit the pad grab the Porsche

Hit the ranch, ride the white horse full force

Look for me in the source, you'll be a lookin  
motherfucker

But look at the back, you might see big Frank

Cashin a check or two thats what the hell I do

You don't like how I'm livin well fuck you

(Chorus: 2X)

Its all good from dago to la

Frank V and Lil' Rob makin that major pay

In a caddie coupe 64 rag chevrolet

We drink tequila strait fuck that tango ray

[Verse Two]

Let me do things my way

Get the fuck out of my way

I'm coming like this

With this two psychos that everybody wishes would go  
like this

Lil' Robbie the sickest

Little vato representing the city of San Diego to the  
fullest

Bullshit is what you be giving me, but you cant get rid  
of me

Lil' Rob (Lil' Rob), without me there will never be,  
anything good to listen to Ah

At least thats the way I see it homeboy, what about you  
Ah

Holiday today from saturday to saturday from month to  
month from year to year

like the fifth of may to the fifth of may holle

And I put that on the hairs of my chine chin chin

You don't want to begin, something that you cant win

Mish, whats the kind of stuff that I come from

you don't like my song cant believe your anyone that  
your not anyone

You ain't nobody, Lil' Rob rocking it just for a little while

So let me do things my way Lil' Rob style

( Chorus )

[Verse Three]

Ill be that vato, who got you on the stage

Mr. Sancho returning your latest page

Now your in a rage, pissed off and disgusted

Thats why I ain't got to leave, cant be trusted

Vatos hooked on hoes like China white without being stepped on

Thats why I kicked the habit and then kept on

Its hard enough these days to make cash win

Without a bitch asking me were the fuck if I be

Franky baby is to clean for that, to pay for that

I'm a genuine player, not bitch made like that

My shit sails to the tite raid like that

But don't keep it at home, because pigs run raids like that

It's still put down like it should be

From SD to that big bad 213

( Chorus )
