Why're you so dark??
Why are you so dark??
The best time of your life
Best time of your--
When everyone is rootin' for you
The only thing left to do,
is you

Why're you so smart??
Why are you so smart??
Even if it makes you mad
Even if it makes you--
When everyone is trying to save you
Drag you back down to Earth
For what it's worth

Don't you turn your lights out
Just like it's your dream
If you gotta drift again

Everyone is rootin' for you
Drag you back down to Earth
Drag you back down to Earth
For what it's worth
