What'cha doin' jumpin' that fence??
Pushing people like they're thumbtacks
Might as well be doin' jumpin' jacks
On Alcatraz

Can't stand the heat
Can't stand the heat

Cuttin' your teeth
You got gum on your feet
And the chute might now open up all the way
Might have to jump again

What'cha doin' jumpin' that fence??
Pushing people like they're secretemps
You might as well be playin' tic tac
On Alcatraz

Can't stand the heat
Can't stand the heat

It's your blue collar,
You coulda gone farther
All 4's didn't seem bad at the time
Nor did it the morning after
Down on your scene
But it don't mean a thing
One tap means somethin' different to you
Forget what to do

Cuttin' your teeth
Got gum on your feet
And the chute might now open up all the way
Might have to jump again
Down on your scene
But it don't mean a thing
One tap means somethin' different to you
Forget what to do
