Drop that guy
He ain't no good
For you
And you don't know
What I'd do
You don't know the half of it
And who's the winner
In the loser's outfit
You can take it off
You can take it off

Why am I
Losing sleep
Over you and
You're not liftin' a finger
You're not liftin' a finger towards me
Guess I'm not happenin'
Who's the temptation?
Unstable and hell-bent

Take it off
You can take it off

What didn't I do?
What didn't I do?
What didn't I...
What didn't I do?
What didn't I do?
What didn't I...
What didn't I do?
What didn't I do?
What didn't I...
